
R4.3 Meta−research workflows
R1.1 Sustainable open infrastructure
R4.2 Costs & benefits of measures to improve reproducibility
R1.2 Standards for data re−use
R4.1 Efficacy of measures to improve reproducibility
R1.3 Persistent identifiers & metadata
R4 Strengthening the evidence base
R1 Infrastructure, standards and community
Eleven paths forward
R3 Training and skills
R2 Incentives and policy
R3.3 Journal infrastructure capacity
R2.1 Responsible reproducibility metrics
R3.2 Leadership engagement & training
R2.2 Funding of replication studies
R3.1 Training ecosystems & networks
